

3-ply Mask for medical use, **WHITE** CE-Marking (Type IIR) - EN14683 Swiss Made

V 11.04.2022

Bacterial
Filtration

Comfortable and
breathable

Adjustable shape
memory nose clip

The Advantages⁺

- 100% French manufacturing
- Electrostatic filter fleece
- Very comfortable – Excellent respiratory comfort
- Without latex, silicone, PVC
- Without Graphene
- Adjustable nose bar with shape memory
- Manufacturing process guaranteeing the cleanliness of our products from the production line up to the packaging process

EN14683

Category	Non-sterile Class I Medical device Single-use surgical mask (type IIR)
Standard and legislation	<ul style="list-style-type: none">• EU Medical Devices Directive 93/42/EEC• Complies with standard EN 14683:2019+AC:2019
Description	<ul style="list-style-type: none">• Mask for medical use, non-sterile, for single use.• Model : 1000 series Specifications : <ul style="list-style-type: none">• Adjustable shape memory nose clip.• 3 sizes XS (child size), S. (slim Face), M (Adult)• Dimensions: XS. 140 x 80 mm – S. 140 x 95 mm – M. 170 x 95 mm• Bacterial filtration efficiency: see performance table• Mask weight for each size (+/- 5%):• Type IIR : XS 2.45 gr – S 2.65 gr – M 2.90 gr
Composition	<ul style="list-style-type: none">• Inner and outer layers: polypropylene nonwovens spunbond .• Intermediate layer: nonwovens meltblown in polypropylene.• Nose bar: aluminium strip.• Elastic: Polyamide / spandex mesh ou polypropylene / spandex mesh• French manufacturing lines – Controlled raw materials and products
Materiovigilance	The materials likely to come into contact with the wearer's skin do not present a risk of irritation or harmful effects to health.
Storage and preservation	Mask should be stored in a clean, dry, cool and well-ventilated place. Humidity less than 80%, temperatures between +5°C and +40°C. Maximum storage period: 5 years in their original packaging.
